

## SUBJECT INDEX

- adolescents, and sexuality among black South African schoolgirls, 561-571
- Africa, public health in pre-colonial east central, 197-208
- ageing, and health care utilization, 851-862  
and health problems in Nigeria, 885-888
- AIDS, public awareness in Rwanda, 97-100  
543-549
- alcohol, and drinking styles, 463-473  
and stress in U.S.A., 875-883
- asthma, parental attitude towards, 431-437
- Ayurvedic medicine, 1031-1050
- Bangladesh, health education in, 275-283  
measles mortality in rural, 439-443
- bereavement, and mortality, 117-124
- blood pressure, and modernization in Mexico, 679-687
- Bolivia, doctor/patient relationships in, 1109-1118
- Brazil, spiritual healing in, 1095-1108
- breast feeding, and fertility in Nigeria, 255-262  
in Nigeria, 573-580  
and weaning in Mali, 633-644
- cancer, and informed consent, 135-143  
family stress in childhood cases, 159-168

- prevention, 507-514
- and affluence, 601-606
- and the doctor/patient relationship, 741-748
- child abuse, assessing risk factors, 285-288
  - in Hong Kong, 449-452
- child health, rickets in North Yemen, 37-41
  - and family adaptation, 159-168
  - and the role of pharmacists, 371-377
  - and parental attitude, 431-437
  - and measles in rural Bangladesh, 439-443
  - and child abuse in Hong Kong, 449-452
  - khat chewing and birth weight in full-term infants, 625-627
  - and infant feeding practices, 633-644
- China, and contemporary medicine, 1013-1021
  - traditional medicine, 1023-1029
- climate, and infant mortality, 51-56
  - and births in Tanzania, 733-739
- culture, and disease, an Azorean-Portuguese case study, 209-217
  - and health, 293-301
- deafness, treatment in Nigeria, 645-649
- death, and the doctor/patient relationship, 651-657
  - and the fear of sorcery, 997-1010
- depression, treatment-seeking in North America, 187-196
  - and gender in Kenya, 303-316
  - among young drug abusers, 363-366
- diarrhoea, and health education, 275-283
- dietary habits, change during cultural transition, 791-804
- Dirofilaria immitis, 225-246

disaster, and community priorities, 961-966

doctor/patient relationship, 135-143, 351-357

and noncompliance, 409-416

and informed consent, 483-486

and death, 651-657

and cancer, 741-748

communication between doctors and peasants  
in Bolivia, 1109-1118

drug abuse, and young adults, 71-82

and depression among the young, 863-866

eating disorders, and explanatory models, 613-618

epidemiology, the flow of contagious disease, 57-69

depression in U.S.A., 187-196

and canine heartworm disease, 225-246

and health care policy in the Netherlands, 247-253

and mortality patterns in Japan, 401-407

the role of religion, 589-600

ethnicity, and pain, 47-50

family, status lifestyle and health, 501-506

Finland, infant mortality 1950-1984, 659-667

gender, and depression in Kenya, 303-316

handicap, and health policy, 867-873

health, in pre-colonial Africa, 197-208

and the urban homeless, 669-678

health behaviour, measuring, 125-134  
973-982

health beliefs, in New Spain, 1051-1060

health care, and Arab-Americans, 101-107  
access to, 109-115  
and outcomes in nursing homes, 219-223  
in the Netherlands, 247-253  
in rural U.K., 263-274  
among Asian refugees in Iowa, 317-325  
and the clinical encounter, 351-357  
and pharmacy, 371-377  
intestinal illness in Kenya, 383-394  
selectivity practices in, 445-448  
in Nigeria, 453-462  
and family position, 501-506  
and the village health worker, 516-528, 705-708  
and nurses' attitudes, 777-784  
and technological evaluation, 805-819  
and system reform, 821-832  
and the demands for physiotherapy in  
the Netherlands, 919-925

health education, in urban Bangladesh, 275-283  
in the developing world, 335-349  
in Zimbabwe, 607-611

health finances, and screening, 725-731  
cost effectiveness, 833-841  
897-910  
the medical costs of smoking, 983-986

health policy, and change, 821-832  
and dependency groups, 867-873

health services, and utilization, 71-82  
accessibility, 109-115  
and psychiatric emergencies, 475-482  
in Nigeria, 487-499  
and comparative medical qualifications, 897-910

health systems, in Poland, 763-775

heart disease

and rehabilitation, 359-370

and cognitive antecedents, 581-588

holistic medicine, 169-175

homelessness, and perceived health status, 669-678

Hong Kong, child abuse in, 449-452

hospitals, and nursing home care, 219-223

patterns of closure in rural U.S.A., 327-334

stroke in rehabilitation, 529-533

measuring efficiency, 719-724

closures in the U.S.A., 889-896

infant mortality, and climate, 51-56

in Finland, 659-667

among U.S.A. blacks, 911-918

and economic instability in Yugoslavia, 953-960

information systems, in health care, 805-819

informed consent, 135-143, 483-486

Japan, mortality and diet in, 401-407

Kenya, gender and depression in, 303-316

schistosomiasis in, 383-394

Lifestyle, 125-134

family status and health care, 501-506

modernization and blood pressure in Mexico, 679-687

- Machado-Joseph disease, 209-217
- Mali, breast feeding and weaning in, 633-644
- maternal health, 293-301  
    and mortality in sub-Saharan Africa, 551-558  
    in the Philippines, 927-944
- medical ethics, and AIDS, 543-549
- medical services, and evaluation, 667-672
- medical students, and sociopolitical attitudes, 619-624
- medical theory, and epistemology, 997-1118
- menarche, and sexuality among black South Africans, 561-571
- meningitis, 109-115
- menopause, 535-542
- mental health, treatment-seeking for depression, 187-196  
    and emergency services, 475-482  
    assessing clinic services, 843-850
- mental illness, attitudes in New Zealand toward, 417-422
- Mexico, healing in, 23-36  
    modernization and health, 23-36  
    bonesetters in, 43-46  
    blood pressure and modernization in, 679-687
- migrants, health care among Arab-Americans, 101-107  
    stress and health among Nariibian refugees, 145-157  
    health care practices among Asian refugee women  
    in Iowa, 317-325
- mortality (see also infant mortality),  
    after bereavement, 117-124  
    and diet in Japan, 401-407  
    among mothers in sub-Saharan Africa, 551-553

Netherlands, health care policy and regional epidemiology, 247-253  
demand for physiotherapy in, 919-925

New Zealand, attitudes to mental illness, 417-422

Nigeria, breast feeding and fertility, 255-262  
medical services in, 453-462  
health services in, 487-499  
breast feeding and polygamy, 573-580  
deafness in, 645-649  
retail pharmacy and clinical practice in, 689-695  
health problems among the elderly, 885-888

nurses, attitudes to patients, 777-784

nutrition, and selective health care in Australia, 445-448

pain, and ethnicity, 47-50

patient, noncompliance and the doctor/patient relationship, 409-416

pharmacists, their role in health care, 371-377

pharmacy, and nationalisation in Sweden, 423-429  
and clinical practice in Nigeria, 689-695

Philippines, pre-natal care in, 927-944

Poland, health care structures in, 763-775

pregnancy, and diet, 379-382  
screening for Down's syndrome, 725-731

prevention, and health behaviour, 125-134  
from cervical cancer, 507-514  
945-951

psychiatry, in South Africa, 749-761  
and emergency services, 475-482

rehabilitation, after heart attack, 359-370  
after stroke, 529-533

religion, and health, 589-600

Rwanda, AIDS in, 97-100

schistosomiasis, 383-394  
in Zimbabwe, 607-611

shamanism, 1085-1093

Siberia, shamanism in, 1085-1093

smoking, and hospital utilization, 983-986

social support, measuring, 83-94

socioeconomic class, and cancer, 601-606

sorcery, and death, 997-1010

South Africa, and psychiatry, 749-761

spiritual healing, spirit possession cults, 1-11  
in urban Brazil, 1095-1108

stress, and unemployment, 18-21  
and health among Namibian refugees, 145-157  
and the family in childhood cancer, 159-168  
and rehabilitation after cardiac arrest, 359-370  
and alcohol in U.S.A., 875-883

Sweden, and the nationalisation of pharmacies, 423-429

symptoms, and explanatory models, 613-618

Tanzania, seasonality of births in, 733-739

Tonga, community priorities after disaster, 961-966

traditional medicine, Afro-American spirit possession, 1-11

    Mexican bonesetters, 43-46

    and holistic medicine, 169-175

    177-181

    and the use of symbols, 293-301

    and the treatment of deafness in Nigeria, 645-649

    997-1118

unemployment, and stress, 13-21

United Kingdom, rural health care, 263-274

U.S.A., and canine heartworm disease, 225-246

    rural hospital closure, 327-334

    and social science research, 709-717

    alcohol and stress in, 875-883

    hospital closures in, 889-896

    neonatal mortality among blacks in, 911-918

utilization, by young adults, 71-82

    and ageing, 851-862

    and smoking, 983-986

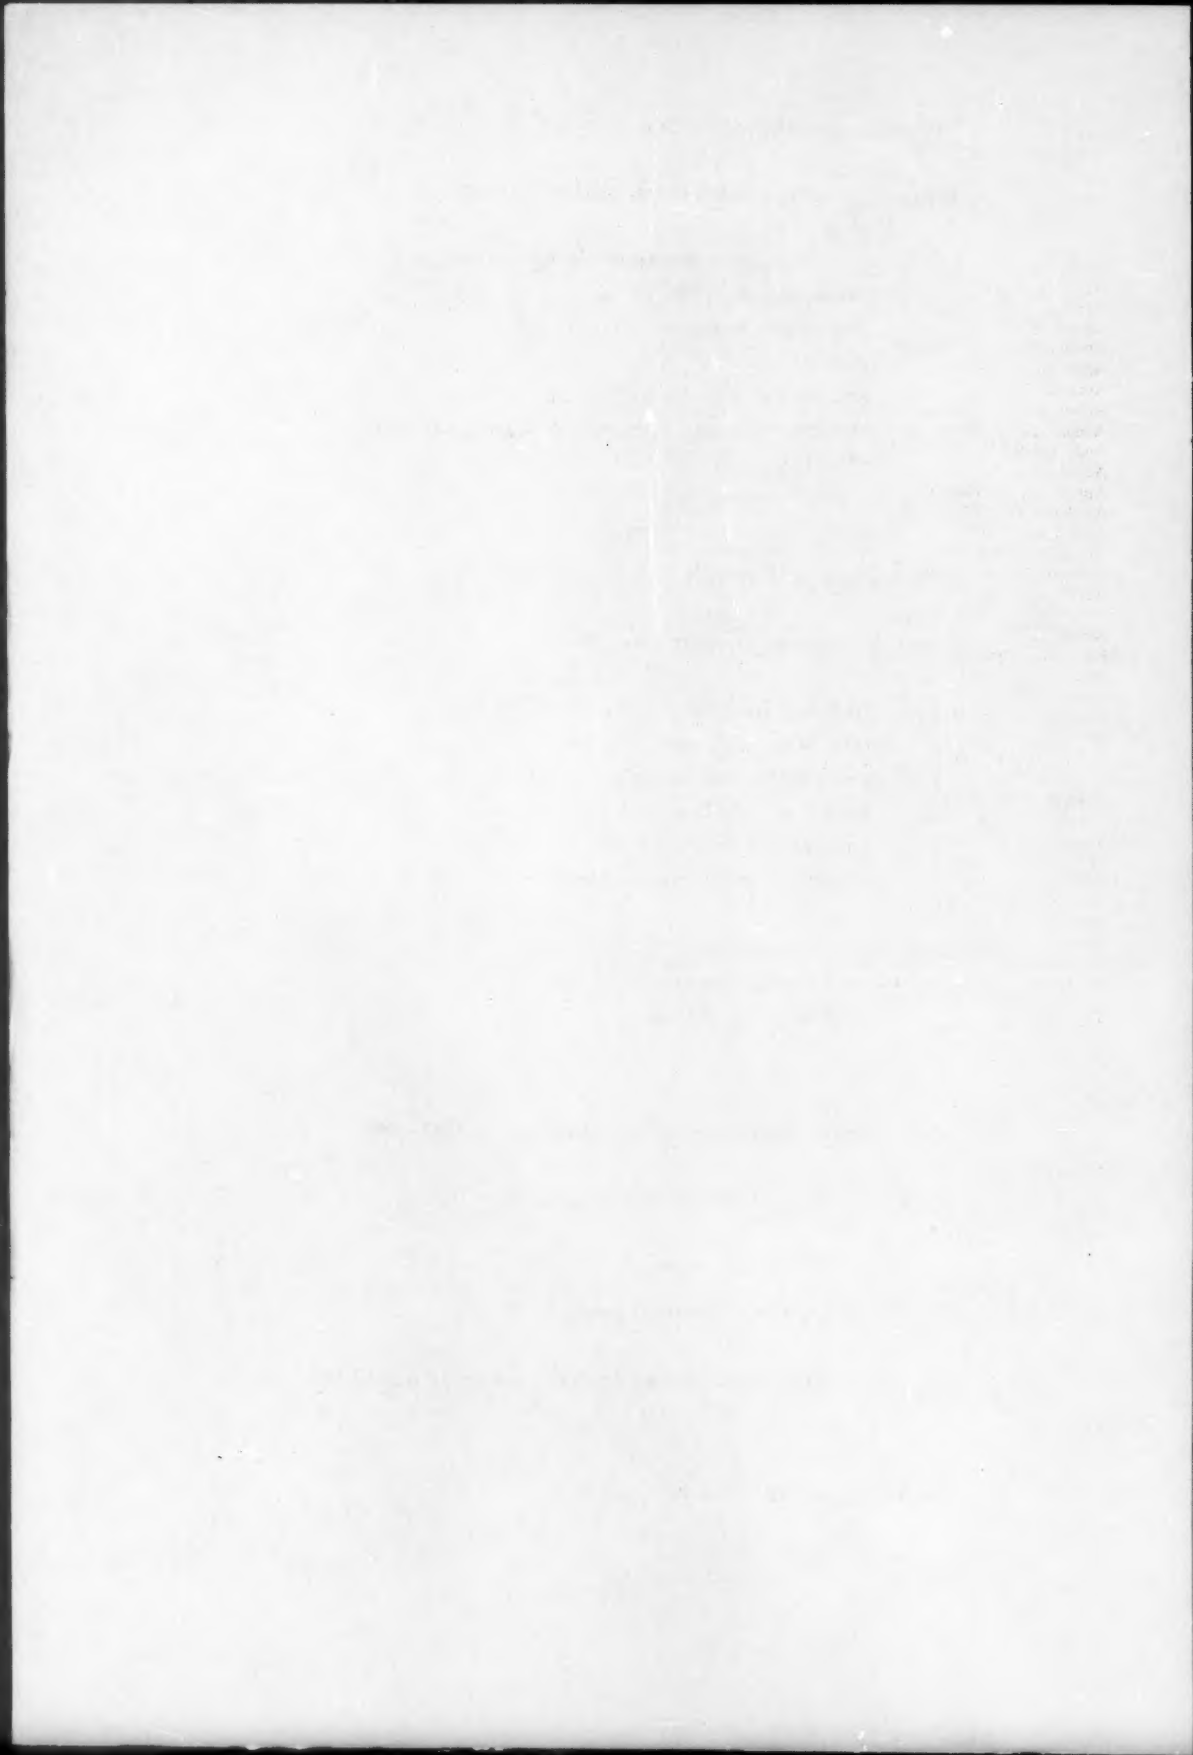

West Germany, conflicting medical ideologies in, 1061-1068

women's health, and menopause, 535-542, 561-571

Yemen, child health in the rural north, 37-41

Yugoslavia, infant mortality and economic instability in, 953-960

Zimbabwe, and schistosomiasis, 607-611
